

BINDHU BHARGAVI TALASILA

SDET | Automation Engineer • Immediate Joiner

Hyderabad, India | +91-9100861350 | bindhutalasila08@gmail.com | linkedin.com/in/bindhu-bhargavi-talasila

SUMMARY

SDET with 4.5+ years designing and maintaining scalable, reusable automation frameworks for Web, API, and backend applications. Skilled in functional, regression, integration, and end-to-end testing, with strong CI/CD integration and hands-on API automation using Postman and REST Assured. Reduced regression effort by 40% and accelerated release cycles through parallel execution and optimized pipelines.

KEY ACHIEVEMENTS

- Reduced regression execution time by 40% using parallel automation and optimized CI/CD pipelines
- Automated 200+ end-to-end test cases across POS and Connected Payments projects
- Cut nightly regression execution time by 2+ hours per release cycle through optimized Jenkins pipelines
- Improved defect triage efficiency by 30% using structured reporting

EXPERIENCE

Software Quality Engineer – Automation (SDET)

Oct 2023 – Feb 2026

NCR Voyix, Hyderabad

- Designed BDD-based automation frameworks using C#, Java, SpecFlow, Selenium, and NUnit, reducing regression effort by 40%
- Automated 200+ end-to-end test cases across POS and Connected Payments projects, covering order management, payments, device integrations, and transaction validation
- Built and optimized Jenkins CI/CD pipelines for nightly regression, cutting execution time by 2+ hours per release cycle, and built REST API test automation using Postman for backend validation
- Implemented parallel test execution to accelerate defect detection; leveraged AI coding assistants (GitHub Copilot, Claude) to speed up test script authoring and code reviews by 35%
- Managed Azure VMs for stable, isolated test execution; improved defect triage efficiency by 30% using structured reporting with Extent Reports
- Prepared test plans, test cases, and defect reports for release readiness; collaborated with cross-functional teams in Agile sprints

Software Engineer – SDET / Automation Engineer

Nov 2021 – Oct 2023

Kyndryl Solutions Pvt Ltd, Hyderabad

- Automated monitoring workflows across 3,000+ servers, reducing manual effort by 40%
- Developed shell scripts to eliminate repetitive operational tasks, saving 10+ hours per week
- Performed log analysis, defect identification, and root cause analysis for critical production issues
- Supported CI/CD pipelines and deployment processes; managed incidents and change requests via ServiceNow while maintaining SLA compliance

PROJECTS

- POS Automation Framework (NCR Voyix): Built a hybrid framework (BDD + Page Object Model + Data-driven) for end-to-end retail workflow automation, integrated with CI/CD
- API Automation Framework: Designed a REST API automation suite validating service contracts and integration flows
- AI-Assisted Test Automation: Explored Claude and GitHub Copilot for auto-generating SpecFlow step definitions and test data, cutting script writing time significantly

TECHNICAL SKILLS

Automation & Testing: Selenium WebDriver, Playwright, WinAppDriver, Appium, SpecFlow (BDD), NUnit, Cucumber

Languages: C#, Java, JavaScript, Groovy, Shell Scripting, TypeScript

API Testing: Postman, REST Assured, REST API Automation, RestSharp

CI/CD & Cloud: Jenkins, Azure DevOps, Git, GitHub, Azure Virtual Machines, Resource Groups

QA Process: Test Strategy & Quality Engineering, Functional, Regression, Integration, API Testing, SDLC, STLC, Defect Lifecycle Management, JIRA, PractiTest, Agile Scrum

Database & Reporting: SQL (SELECT queries, data validation); Extent Reports, Azure Test Plans

AI-Assisted Testing: GitHub Copilot, Claude – AI-generated test validation, script authoring & code review

EDUCATION & CERTIFICATIONS

B.Tech – Computer Science Engineering, BVRIT Hyderabad College of Engineering for Women (2018 – 2021)

- Introduction to Generative AI – Art of the Possible — AWS, Jul 2026 | AI in the Real World — IBM, Jul 2026
- IBM DevOps and Software Engineering Professional Certificate | Scrum Foundation Professional Certificate (SFPC)
